

Provider News Brief

Banner University Health Plans is forwarding the following message from AHCCCS regarding your 2024 VFC re-enrollment status.

Dear VFC Provider,

You are receiving this email because your PIN does not have an approved 2024 VFC re-enrollment. Only when the Provider Agreement in ASIIS shows an "Approved" status is your facility officially re-enrolled in the program.

There are two steps to re-enrollment.

- You must complete the VFC Provider Agreement in ASIIS for 2024.
- You must use this website to upload ALL required re-enrollment documents:
<https://redcap.link/reenrollment2024>

Provider Agreements expire on a rolling basis. Please check ASIIS to view your expiration date and submit your agreement before your current 2023 agreement expires. If your 2023 agreement expires before your 2024 agreement is approved, your VFC ordering will be interrupted.

The VFC re-enrollment process will close on August 31st, 2024. If a location fails to re-enroll by August 31, 2024, that location may be inactivated from the VFC program for non-compliance.

Link to VFC 2024 re-enrollment instruction guide:

https://asiis.azdhs.gov/AIPO_Announcements/Re-enrollment/Re-enrollment_instructions.html

Please note: There has been a change in facility type reporting. Community Health Center is no longer a facility type option. If in previous years your facility identified as a Community Health Center, please select Community Vaccinator as your facility type if still applicable.

If you have questions regarding the VFC re-enrollment process or the online forms, please contact the Bureau of Immunization Services, at ArizonaVFC@azdhs.gov or contact your Immunization Program Specialist directly.

Thank you for being a part of the Arizona Vaccines for Children Program.
